## **PVC PRODUCTS**

**CANTEX** PVC Products had its beginning over 40 years ago, as a division of a national corporation in the utility and building construction industry. The Plastics Division grew steadily in size and importance. Its product lines expanded into several major categories:

- Electrical distributors and contractors were provided with a broad line of PVC conduit and fittings.
- Power and utility companies were supplied with underground PVC duct and fittings.
- For the communications industry, PVC conduit and fittings were made available to telephone and cable companies for underground cable installations.
- Municipal public works needs were met with PVC pipe for distribution and collection.
- The commercial market need was fulfilled with PVC plumbing pipe.

Because of its success in the PVC Products business, **CANTEX** caught the eye of an international organization which was planning for expansion into PVC Products in the Western Hemisphere. In February 1992, **CANTEX** was acquired by the respected Sumitomo Corporation, a multifaceted global business leader. Out of this acquisition the **NEW CANTEX** emerged, equipped with an intense philosophy of service to its customers and a renewed emphasis on product quality that targets the challenges of a new century.

**CANTEX** is a leading producer of PVC Products, with eight manufacturing facilities located strategically from east to west across the country. These facilities feature some of the most modern production equipment and advanced process technology found anywhere in the industry. Production facilities include extrusion, injection molding, and fabrication processes to produce the broad lines of PVC Products which serve the power, utility, building construction, and communications markets.

## **ELECTRICAL PRODUCT LINE**

**CANTEX** offers a complete line of extruded and injection molded electrical conduit, duct, fittings, accessories, switch and outlet boxes.

Products include a full range of sizes in:

- Schedule 40 & 80 Conduit
- Electrical Fittings & Accessories – Molded & Fabricated
- Utility Duct – NEMA TC-6 & 8 EB/DB – ASTM DB-100
- Duct Fittings & Accessories
- Elbows, Bends & Sweeps – Standard & Special Radius
- EZ-FLEX® Electrical Nonmetallic Tubing & Fittings
- ENVIRO-FLEX® Liquidtight Conduit & Fittings
- Telephone Conduit – Types B-C-D
- EZ BOX® Wall and Ceiling Switch and Outlet Boxes
- Bending Equipment
- Cements

## **SERVICE**

**CANTEX** stands for a commitment to service – service that puts the customer first. We carry extensive inventories in over 30 warehouses nationwide so that you get fast turnaround and complete shipments. Our efficient transportation system, which combines our own truck fleet with hand-picked contract carriers, means on-time deliveries anywhere in the U.S. The **CANTEX** customer service team is staffed by professionals who provide immediate response and effective communications about orders and shipments.

**At the NEW CANTEX, WE WORK FOR THE CUSTOMER.**
